MARYVILLE, MISSOURI, FRIDAY, SEPT. 19, 1913.

NO. 93.

A GOOD PROGRAM

TEACHERS' MEETING TO BE HELD HERE TO HAVE NOTED SPEAKERS

ABOUT 800 TEACHERS

This Number Comprises Teachers of Andrew, Gentry, Nodaway, Worth, Atchison and Holt Counties.

The joint teachers' association to be held in Maryville, October 30, to November 1, will have addresses from many prominent educators from over the country. The program for the affair is being arranged now by County Superintendent Oakerson, and Friday he announced some of the big speakers secured. They are as follows:

Dr. Edward A. Steiner of the Grinnell college of Grinnell, Ia., will give two addresses. He is an author, lecturer and an educator.

Dr. Walter S. Athern of Drake university, Des Moines, Ia., is to give two addresses. His subjects will be "The Earmarks of an Educated Man" and "Dad, Mother and the Schoolmarm."

Miss Mabel Carney of the Normal University of Illinois will speak on the rural community life.

Dr. Henry S. Hartzog, former president of Arkansas university and now in St. Louis, will give an address on "Mark Twain." Mr. Hartzog is a lecturer of note.

G. H. Reavis, state high school inspector, will also give a talk at the meeting.

The state university at Columbia will send probably two from that institution. President A. Ross Hill of the university was invited to address the meeting, but as he is to take a trip to Europe to be gone several months, was unable to come.

The joint teachers' meeting will be held at the Normal. It is expected that 800 teachers will be here, as the association comprises the teachers of Nodaway, Andrew, Gentry, Worth, Atchison and Holt counties.

CASES WERE SETTLED.

John D. Growney vs. John McGarry Cases Compromised and Dismissed.

The cases of John D. Growney vs. John McGarry, one being over a hedge fence and the other one an ejectment suit, were settled Friday and dismissed. Growney will pay the costs in the ejectment suit while McGarry will pay the costs in the hedge fence suit. Both cases were over a hedge fence between the two farms, but the line between the two farms was settled.

The cases were to come up at the September term of court.

A CRAP GAME IS RAIDED.

Three Colored Boys in Game at Stock Yard Pen at Wabash Depot—They Escaped.

A crap game was in progress at one of the pens at the Wabash stock yard Thursday evening about 6:30 o'clock and on the appearance of Deputy Sheriff Dee Callahan and W. A. Townsend the boys escaped up the railroad track. The last heard from them they were still running.

The boys in the game are colored gentlemen of this city. The authorities are making efforts to catch them.

Mrs. S. E. Wright went to St. Joseph Thursday evening to visit her daughter and son, Mrs. A. D. Leighty and Perry Wright.

DEATH OF HOPKINS RESIDENT.

Jacob Louden Passed Away Thursday Evening—Funeral to Be Held Saturday.

Jacob Louden, an aged resident of Hopkins, died at his home Thursday night at 8:15 o'clock.

Mr. Louden had been a sufferer for some time, the main part of his sickness being caused by valvular heart trouble.

The funeral services will be held at the home Saturday afternoon at 1 o'clock, Rev. Griffith of the Baptist church officiating. Burial in Hopkins cemetery.

Mr. Louden was born in Perry county, Pa., in 1841. His parents died when he was a child and he made his home with an uncle, coming with him to Ogle county, Ill., where he grew to manhood. At the breaking out of the civil war he enlisted in Company I, Fifteenth Illinois Infantry, and served three years, seven months of which were spent in the Andersonville prison. At the close of the war he located in northern Iowa, settling on a farm near Waverly. He was married in 1870 to Amanda Renn, who remains to mourn his loss. In 1872 they came to Hopkins, being among the oldest residents of the town. They went into the restaurant business there, and for years were known as "Jake and Mandy," the best restaurant people in this part of the country.

The latter part of Mr. Louden's life had been spent in retirement. A neat little cottage in West Hopkins being his home. Beside his wife, he leaves one son, Wm. Louden, three children having died in infancy. There is also one granddaughter, Miss Lottie Louden, who has always made her home with her grandparents.

A brother, A. Louden, and his wife of College Springs, Ia., are in Hopkins for the funeral, and Wesley Renn of Waterloo, Ia., and Mrs. Charles Farnsworth, a brother and sister of Mrs. Louden, will come Friday evening.

SMITH FUNERAL FRIDAY.

Services in Memory of Phillip Smith Held at Burlington Junction—Burial in Ohio Cemetery.

The funeral services for Phillip Smith, the Burlington Junction young man who was killed Thursday evening near Riverton, Ia., when a scaffold collapsed with him and four other men while building a silo, were held Friday afternoon at 2 o'clock at the M. E. Church in Burlington Junction, conducted by Rev. L. C. Sappentfield.

Phillip Smith was a son of Rev. Smith, who died in Burlington Junction several years ago at the close of a two years' pastorate of the M. E. church there. The Elks lodge of Maryville sent a beautiful floral wreath in remembrance of the young man, who was a member of the lodge. Burial took place in Ohio cemetery.

FINED FOR SPEEDING.

Roy A. Yeaman Arrested for Speeding and Using Cutout—Received a Fine of \$5 and Costs.

Roy A. Yeaman was arrested Friday morning for speeding and using the cutout on the machine he was driving. He pleaded guilty before Mayor Robey and was fined \$5 and costs, amounting in all to \$11.10.

It is said that Yeaman was going at the rate of between 35 and 40 miles, and it was on the streets in the business section of the city.

A Fish Caught in Pipes.

While Jim Conklin, the plumber, was at work on the water pipe going into the Bee Hive shoe store this morning, he disconnected the pipe leading to the store and a small fish jumped out.

TO CHANGE ROUTES

STATE ENGINEER FINDS IT NECESSARY TO CUT MILEAGE.

ONLY FIVE HIGHWAYS

Will Combine Two of the Roads—Over the Same Highway Out of Maryville and Then Branch Off.

State Highway Engineer Frank Buffum, who was in Maryville Thursday with the Kansas City tourists, was accompanied to Tarkio by John Clary and E. H. Bainum of the Nodaway county commission, on the Kansas City party trip to that place. The commissioners here had a long talk with Mr. Buffum.

Mr. Buffum said that each county is making their county seat roads as long as possible to get all the money they can from the state. He intends to shorten the mileage of these roads, as the state appropriation will not be able to pay \$15 a mile for dragging on all of these roads as selected now.

Instead of being seven roads out of Maryville there will probably be only five highways. Two of the roads will go over the same highway out of Maryville and will then branch off a few miles out. For example, the state line road to Bedford by way of Pickering and Hopkins will be used for part of the Grant City road. It is also figured out that Commissioner Buffum will have the Tarkio road run by the way of Burlington Junction, and that this highway and also the state line highway to Clarinda will be the same road for a number of miles. When a road is used for more than one highway it will receive only \$15 per mile. In this way Mr. Buffum intends to shorten the mileage and come within the state appropriation.

Mr. Buffum will be in Nodaway county within the next few weeks to inspect the roads as selected by the county commission. It is said that he will make many changes. He is strongly against railroad crossings.

The Atchison county commission selected their routes this week and the Maryville road from Rock Port is by way of Fairfax and Skidmore, two members voting for it. However, a minority report was written, as the third member wants the road by way of Tarkio and Burlington Junction. Tarkio is making quite an effort to get on the Maryville road.

BALLOON WENT OUT IN SMOKE.

Ascension at Hopkins Picnic Done Away With—A New Balloon Had to Be Ordered.

The Hopkins picnic is now on, this being the second day, and while the weather is not the best, the crowd Thursday night was large and a big attendance is expected this evening and Saturday.

The Lenox band is making excellent music, and both the Apollo Ladies' quartet of Kansas City and the Omaha Vaudeville company are giving good entertainments.

The balloon literally went up in smoke Thursday and was damaged to such an extent that a new one had to be ordered, which cannot reach Hopkins until Saturday afternoon.

The merry-go-round, popcorn man, etc., are all there and the crowd seems to be having a good time. The picnic is held in the Hopkins park.

Mr. and Mrs. A. C. Nicholas and children left Thursday evening on a trip to St. Joseph, Kansas City and Vista, Mo.

SHORT OF FUNDS

NEARLY ALL COUNTY FUNDS ARE TO THE BAD.

DUE TO BRIDGE FUND

Money on This Year's Taxes Will Come in About the First of the Year to Help Conditions.

Nodaway county is about out of money. That is the county treasurer's. The salary fund is exhausted, the pauper fund is about all gone and the bridge fund is \$20,000 to the bad. There is some money in the jury fund, but not much. The reason for the shortage of funds is due largely to the fact that the county court appropriated more to the bridge fund than it is entitled to.

The money for this year's taxes will come in about the first of the year and will help out the situation. But the bridge fund shortage will take about all the money they will receive from taxes this year, so not much bridge work will be done next year or so.

HAD GOOD ROADS.

The Kansas City Tourists Found Roads in Good Shape—One of the Tourists Injured.

Here is what Friday's Kansas City Times had to say about the Kansas City tourists being in Maryville and Nodaway county on Thursday:

A stay of two hours was made at Maryville for dinner. Probably more persons inspected the cars there with a view to buying than at any previous stop.

Maryville is in the center of a large agricultural section. Many of the farmers already own cars. This desire is leading to better roads. The dirt highways in and out of town are hard packed.

On a dirt road, much easier to ride upon than the paved streets of Kansas City, the tourists made their way from Maryville to Burlington Junction in excellent time. The road was in more perfect condition than any others. The engineering was better. Approaches to bridges are built with care. The culverts are leveled properly.

The road into Ravenwood is hilly, but is well dragged and worked. F. W. Buffum, state highway commissioner, advised the people of Ravenwood to work around these hills to avoid them in order to build a more level highway. He said also that many of the farmers had fenced in parts of the road belonging to the highway. It should be reclaimed, he said.

Mel Payne, salesman for the Bond Motor Car company, alighted from an Oldsmobile outside of Maryville yesterday afternoon to lead a frightened horse around the car. The horse reared and plunged. He stamped Payne's right foot. His foot was cut open. He was taken back to Maryville for treatment.

On Visit to Relatives.

Mrs. G. M. Price of Winfield, Kan., and Mrs. W. A. Wright of Shawnee, Okla., who came to Maryville to attend the forty-seventh wedding celebration of their parents, Mr. and Mrs. J. W. Baker, went to Barnard Thursday evening to visit their uncle, M. V. Baker, and other relatives.

Have Leased Residence.

Misses Laura and Ada Hawkins have leased their residence, at Seventh and Mulberry streets, to W. T. Gray and family, who took possession several days ago. The Misses Hawkins have taken up their residence with their aunt, Mrs. Logan Holt, on Prather avenue.

Will Give Concert.

The Maryville band will give a Sunday afternoon concert at the band stand in the court house yard at 3:30 o'clock Sunday afternoon. This will probably be the last Sunday concert. The program will be published in Saturday's paper.

Home From Hospital.

Mrs. W. B. Porter of South Main street was able to return home from St. Francis hospital Thursday, where she has been a patient for several days.

Home From Summer Trip.

Mr. and Mrs. G. DeLana returned Friday morning from a five weeks trip to Chicago, Mackinac island, Boston and New York.

Mrs. Moon Very Ill.

Mrs. O. M. Moon of Pickering, who has been very ill for a long time, is sinking rapidly.

KING HAROLD'S BAND.

A Rally and Program Will Be Given Sunday Afternoon at the First M. E. Church.

Mrs. Leslie Dean, superintendent of King Harold's Band of the First M. E. church, announces a rally and program Sunday afternoon at 3 o'clock at the First M. E. church, which will mark the closing of the year's work. The program to be given by the members of the band follows:

Mandolin and guitar duet—Lee and Leonard Maier.
Vocal solo—Nina Blanche Jones.
Piano solo—Helen Dean.
Recitation—Helen Kemp.
Vocal solo—Mary Curnutt.
Recitation—Matie Price.
Song by girls' quartet—Mabel Curnutt, Greta Kemp, Mildred Bellows, Helen Davis.

Address—Rev. Gilbert S. Cox.

The members of King Harold's band are Laura Curfman, Loma Bower, Lela Maier, Mattie Clayton, Inez Moore, Helen Curfman, Margaret Remus, Ruth Miller, Mary Ruth Curfman, Mary Curnutt, Jamie Covey, Bruce Bower, Bennett French, Ray and Clifford Hull, Dale Howland, Conrad Blackman, Nina Blanche Jones, Lee and Leonard Maier, Matie Price, Nona Willett, Leska Wray, Mabel Garrett, Helen Kemp, Gertrude Garrett, Dorothea Snoderly, Merle Ford.

DEATH OF M. D. TAYLOR.

Was Son of Mr. and Mrs. Thomas Taylor of This City—Death Occurred in Chicago.

Word was received in Maryville of the death of M. D. Taylor at Chicago, Thursday evening. Mr. Taylor had been in ill health for the past few weeks, due to an injury he received in a railroad wreck. He was the son of Mr. and Mrs. Thomas Taylor of this city, Mrs. Taylor having returned from a visit with him over a week ago, leaving him in a much improved condition. But he suffered a relapse and death occurred.

Thomas Taylor left today for Chicago and will bring the remains to Maryville, expecting to arrive here Monday morning. At Chicago Mr. Taylor will be met by his daughter, Mrs. C. E. Brady of Ft. Wayne, Ind., who will accompany him to this city.

Mr. Taylor was 34 years old and was born in this county. He has been in Chicago for the past fourteen years, and during that time was in the poultry business.

No arrangements have been made for the funeral, but it will probably be held Monday afternoon.

A FINE RAIN WAS HAD.

Was All Over the County—Estimated Rainfall Was an Inch—Will Help Greatly.

A fine rain was had in Maryville this afternoon and it was all over the country. It was a hard rain, the rainfall amounting to over an inch, according to an estimate of the weather bureau.

The rain will help greatly, as not any too much rain has been had this month. It will put the soil in good condition for the sowing of wheat and also help the fall pastures.

The rain was accompanied by sharp lightning, but no damage has been reported.

Returned to University.

Albert Craig, the son of Mrs. Gallatin Craig, returned to Purdue university at West Lafayette, Ind., this week, to begin his second year's work there.

Will Make Improvements.

The Bee Hive shoe store will undergo some improvements next week, the principal thing being a new hard maple floor.

THE WEATHER

Threatening with showers tonight or Saturday; cooler.

DAM ABOUT READY

THE CONCRETE WORK ON DAM WAS COMPLETED TODAY.

WILL STOP NIGHT WORK

Work on Water Tower Progressing—Think It Will Take About Six Weeks to Complete It.

The concrete work on the dam at the 102 river was completed today, and the dam will be ready for use as soon as the side ends are finished. Then the forms will be taken out and also the old dam.

The dam is 70 feet between tanks, 12 feet wide at the bottom, and 16 feet high. It slopes from the bottom to a width of two feet at the top.

The two iron gates to be used in the dam will not be here for some time, but for the present a temporary gate will be made.

Tonight will probably be the last night when the night shift will work. However, there is much work to be done before the job is completed, but the men working in the day time will be able to do it in a short time. There is no hurry now as the dam is able to withstand all the water that may come down the river.

The water tower has been torn down to the forty foot line and now they are ready to commence to set the concrete forms, which commenced today. The concrete is to be used as a foundation for the structural steel tower and tank. A carload containing the tower and also part of the tank arrived this week. Another carload will be here within the next several days.

It is figured that it will take six weeks before the water tower is ready, but when finished, Maryville will have a tower that will last for many years to come.

HOW DO THE PEOPLE STAND?

The Sentiment of the People Wanted in Regard to the County Bond Issue of \$200,000.

The county court and others interested in the proposed bond issue for Nodaway county would like to know how the people stand in regard to the proposition of \$200,000 issue for bridges and roads. If the issue can't carry, the court don't want to hold an election and spend the money necessary for that purpose, as the county treasurer is to the bad at the present time.

Those who are circulating the petitions for the bond issue have been requested to find out the sentiment of the people they call upon. The petitions contain more than the required number of signers.

The petitions will come up at the county court meeting to be held the first week in October, and if the court thinks the proposition will carry, an election day will be set.

Nodaway county will be unable to do any bridge work until such a bond issue is had. The bridge fund of the county at present is \$20,000 to the bad, and it will take all of this year's taxes to make up the deficit. So nothing will be left for bridges for the next year.

"The Governor's Double"

A Feature in Two Parts

Governor Walter Garland decides to investigate the report that the convicts in the state prison are subjected to inhuman treatment. His friend Judge Howe, arranges to sentence him to prison with the understanding that he is to be released in thirty days. The judge is stricken with apoplexy and dies. Meanwhile Pete Brown, a convict, the governor's double, who has been pardoned, takes his place in the executive office. The deception is carried right up to the eve when Garland was to marry. The latter, learning of the judge's death, tries to convince the warden that he is the governor. Failing, he manages to escape. Making his way to the church he halts the ceremony that would have united his sweetheart and Pete Brown. Explanations are hastily made and the true lovers are made man and wife.

IS NOT WRONG

For Other Men to Admire Your Wife,
Says Judge Shelton of Macon.

"There is nothing wrong in other men admiring a wife," remarked Judge Shelton in deciding a case at Macon, Mo., where a mother was seeking the possession of her children, and the objecting father had testified about her being a favorite with other men.

"Most of us feel that our wives are attractive, and that they so appear to other men," said the judge. "When a man is looking about for a wife that is one of the measures he uses—the way she appears to others as well as to himself." It doesn't at all follow that because a wife is popular with other men that she is untrue to her husband.

Returned to Oklahoma.

Mrs. A. L. Wait of Tulsa, Okla., left for her home Thursday evening after a few weeks' visit with her parents, Professor and Mrs. B. F. Duncan. Mrs. Wait was accompanied on her visit by her little step-children, Logan and Katherine Wait.

Mrs. Paul Saxton returned to her home near Arkoe Friday morning from a visit with her mother, Mrs. B. F. Hildreth.

Townsend, Mrs. J. N. Manley, Mr. and Mrs. Edward L. Townsend, Mrs. Edna Parcher, Phillip Parcher and Mr. and Mrs. Hal T. Hooker.

Porter-Murray Nuptials.

Married, at the home of the bride's parents, Mr. and Mrs. James Murray, on Lover's Lane, at 4 o'clock Thursday afternoon, September 18, 1913, Rev. W. C. Porter of Mayetta, Kan., and Miss Elizabeth R. Murray. The wedding service was in the presence of the parental families and a few chosen friends and was conducted by Rev. J. M. Hamilton, D. D., of Monmouth, Ill., former pastor of the bride, and Rev. S. D. Harkness of the First Presbyterian church of this city, pastor of the Murray family. The bride's gown was of white India silk, with trimmings of Maltese lace. Some very complimentary things might be written of the choice wedding gifts and the fine wedding dinner. Misses Minda and Sylvia Barr and Maggie Sorrie assisted Miss May Murray in serving the dinner. The bride and groom were classmates in Tarkio college, graduating in 1910. Since then Mr. Porter taught one year, and two years attended Xenia Theological seminary in Ohio. Mrs. Porter has been teaching three years past in the American mission, Assuit, Egypt, returning to this country in June last. Next week Rev. and Mrs. Porter go to Xenia, O., to attend the seminary this year, after which they expect to go to the foreign field, probably India.

L. E. McWilliams of Plattsburg returned home Thursday evening from a visit with J. A. Loran and family.

Sow on Corn Land.

We notice from our exchanges that many farmers in this section of the state will sow their fall wheat on the land which has been in corn this season. For this purpose they are removing the corn fodder and getting the soil in shape for the wheat. This is a new experiment with many, but finds favor in one way, because the corn ground will require less cultivation. Besides, it is thought that by changing the crops on the land a better yield will be produced.

Home From Wisconsin.

Mrs. Vilas Martin returned Friday morning from a visit at Lake Geneva, Wis., with her parents, Mr. and Mrs. Samuel Forrest, who returned with her and will make their home in Maryville.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time It!—"Pape's Diapepsin" Makes
Your Upset, Bloating Stomach Feel
Fine in Five Minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advertisement.

FOLK TAKES \$5,000 JOB.

Missourians Believe Stone is Glad to
Get Rival for Senate Out
of the Way.

While William J. Stone is campaigning Missouri for re-election to the senate next summer, former Gov. Joseph W. Folk, regarded as a probable opponent of Stone, will be a thousand miles away and deep in problems of international law, says a dispatch from Washington, D. C.

His address will be fourth floor, southwest wing of the war, state and navy building, and his title solicitor of the state department. The salary is \$5,000 a year.

The appointment, which will be formally announced Thursday, will bestow another first class federal office upon former governor of Missouri. The first to be thus recognized was Alexander M. Dockery, the third assistant postmaster general.

Mr. Folk again declined to discuss the reports which connected his name with the state department office, and neither from the White House nor from Secretary Bryan was any definite statement forthcoming.

Senators Stone and Reed, however, admitted that the proposal to give Folk this position had been broached to them and had received their approval.

Later it became known that Folk had confided to a member of the house from Missouri his intention to accept the place. To this Folk explained that Secretary Bryan had urged him to accept on the ground that there was a particular and important service which he wished to entrust to the de-

partment's solicitor. The nature of this work was not divulged, but is said to bear upon Central American affairs.

"I will assist Governor Folk in getting anything he wants," was Senator Stone's terse reply to a question asking his attitude toward the appointment. Senator Reed made it plain that if Stone was agreeable he would not place any obstacles in Folk's way.

In Missouri circles the belief prevails that the senators eagerly seized the chance to sequester Folk from Missouri politics during the next few years.

The nomination is expected to go to the senate Thursday. It is looked upon as a "Bryan appointment." Bryan and Folk have been close political friends for ten years, and, incidentally, both are stars on the Chautauqua platform.

Folk called on Speaker Clark this morning and, in course of their conversation, explained that he had just completed delivering 110 lectures in 110 nights.

"Well," remarked Mr. Clark, who is some Chautauquan himself, "if you decide to live in this town they'll take quite a chunk of that away from you."

Adelbert McMillen is at home in Pickering from his work at the State University library. He will leave next week for Albany, N. Y., to pursue further study in library work. He is now visiting his uncle, Arthur McMillen, and family of Hopkins.

MOTHER! IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Constipated, Bile-ious, Stomach Sour, Give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleaning" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup company." Don't be fooled!—Advertisement.

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic MALLEABLE AND CHARCOAL IRON Range

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (breads bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen;" you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

CHILDREN SOUVENIR DAY

150 MAJESTIC BIRDS FREE

Monday, between 3 and 5 p. m.

The first 150 boys and girls who present to THE MAJESTIC RANGE SALESMAN at our store, between 3 and 5 p. m. MONDAY, written answers to the following questions, will receive a "Canary Bird Souvenir" FREE.

- 1—What range is your mother now using?
- 2—Do you know anyone needing a new range? Who?
- 3—Why is the GREAT MAJESTIC the most durable range made?

50-cent Article FREE

The one giving neatest and best answer to the last question may select any 50-cent article from our stock, in addition to the SOUVENIR.

Don't be discouraged if you are not one of the 150 to get a Canary Bird Souvenir. You will get a MAJESTIC PUZZLE CARD. Something for all the boys and girls.

You can have worlds of fun with the MAJESTIC BIRD—it imitates the canary to perfection.

Be sure to have your answers ready to hand in at our store MONDAY AFTERNOON, between 3 and 5.

SPECIAL

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the MAJESTIC is the best range on earth at any price.

Come, If You Intend to Buy or Not

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

DON'T OVERLOOK THE DATE. THIS IS A SPECIAL INVITATION TO YOU AND YOUR FRIENDS AND NEIGHBORS

Standard Plumbing Company

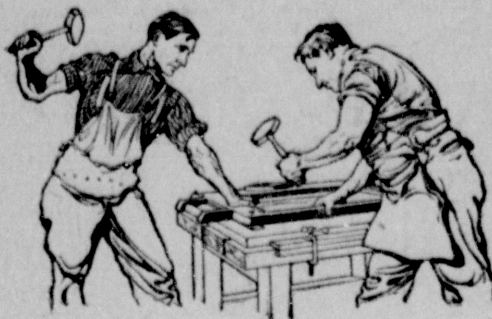

Communication

Editor Democrat-Forum:—Replying to the article which appeared in Tuesday's edition of The Democrat-Forum, relative to the farmers co-operative creamery proposition which is now being advanced for the farmers near Maryville. I have nothing to say pro or con for the proposition. Would only suggest that those interested, by careful investigation, fully acquaint themselves with the working of not only a few of these institutions, which have proven to be a financial success, but also as to the cause for the many of these institutions which have been established over these Middle West states, and after making large investments in the way of property and equipment, have, after a short time, been abandoned and stand for nothing but costly experience to the investors.

The statement made in the article referred to was that the co-operative creamery in Iowa paid from 7 to 9 cents per pound more for butter fat than the farmers of this locality had been receiving. This certainly is an exaggerated statement as the butter market is based on the Elgin market and the writer has been handling and buying cream in Maryville for more than a year, and the average paying price has not averaged more than 2 cents below Elgin market, which is only about one-half what it actually costs for buying and transportation, the expense to receive and deliver cream to the several centralizing companies that are represented here.

If the party responsible for the article can by reliable authority produce records to prove that the farmers of this locality have been wronged out of 7 to 9 cents a pound on their product, it is certainly time to start an investigation and see that such highway robbery is quickly ended. On the other side, if the local buyers have been paying full market value for their products and have been treating their patrons with fairness and honesty, then this article certainly is intended to do personal injury to the local buyer and is a serious injustice to the buyers, and misleading to the producer, and I only ask that the cream sellers of the vicinity of Maryville make careful investigation of these matters and satisfy themselves as to whether the figures used in the article referred to are correct or not. If they are correct then the people have been wrongfully dealt with. If they are not correct then I enter protest and ask for a correction and an apology from the authority of that article. As it now stands I consider it a serious injustice to all concerned in the business. Yours respectfully,

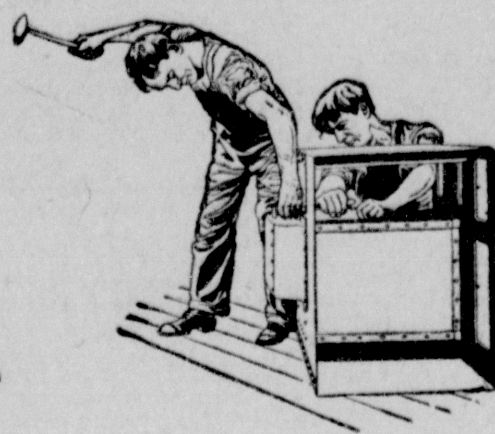

J. A. SPEIRS.

CURRENCY BILL PASSED

Fourteen Progressives Vote for Bill and Two Against It—Record on Gold Amendment Shows Sixty-nine Democrats Against Clause.

Washington, Sept. 19.—The administration currency bill was passed by the house practically unamended. The vote was 286 to 84.

The final vote brought a number of Republicans to the support of the administration measure. Twenty-four Republicans voted for the bill and three Democrats against it. A final fight on an amendment reaffirming the present financial policy of a gold money standard caused some defections from the Democratic side.

Applause greeted the passage of the bill. The three Democrats who voted against it were Representatives Gallo way (Tex.), Elder (La.) and Wither spoon (Miss.).

The Republicans voting for it were Baltz, Browne, Cary, Cooper, Crammer, Dillon, Esch, Farr, Fess, Frear, Haughey, Halgesen, Kent, Lenroot, Linquist, Mapes, McLaughlin, Nelson, Porter, Samuel Smith and J. M. C. Smith (Mich.), Smith (Minn.), Stafford, Young (N. D.).

The Progressive vote split, two Progressives, Temple and Walters (Pa.), voting against the bill. Fourteen others voted for it.

Representative Wingo (Ark.) demanded a record vote on the so called gold standard amendment and on a division, 165 Democrats and Republicans voted for it and 45 Democrats voted against it. A roll call was ordered.

The roll call, however, changed the vote to 298 in favor of the amendment to 69 against it. All those voting no were Democrats.

Mr. and Mrs. R. G. Koch went to St. Joseph Thursday evening for a short business visit.

Mrs. S. Mathers and Miss Mertie, of Barnard, were Maryville shoppers Thursday.

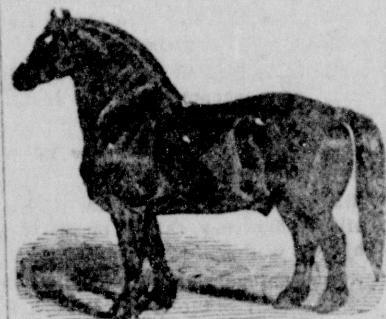

Mr. and Mrs. Dick Strong went to Hopkins Friday noon to attend the picnic.

Mr. and Mrs. William Comer went to St. Joseph Thursday evening to visit relatives.

Miss Edith Jones of Pickering spent Wednesday evening in Maryville.

Roy Collins was a St. Joseph visitor Friday.
